

Inflator LXT®

DMP180Z

18V • 8.3 mbar • 121 psi

Cordless air pump for example filling tyres for cars and bicycles

The 18V air pump automatically stops inflating when the preselected air pressure level is reached. The LED light facilitates working in low light and the thermostat protects the machine from overheating. Includes several valves for filling different types of products - eg footballs, tyres, etc. Tool only, battery and charger not included.
