

Demolition Hammer HM1214C

1 510 W • SDS-MAX • 19.9 J

Extra-powerful demolition hammer with anti-vibration system

An extra-efficient demolition hammer for extremely heavy-duty applications. Compatible with SDS-MAX bits. Motor capacity of 1 510 W and impact energy of 19.9 J provide efficient material removal. Adjustable impact rate: 950 – 1 900 min-1.

User benefits

- AVT (Anti-Vibration Technology) ensures extra-low vibration performance
- The service light indicates the need for carbon brush replacement and malfunctions in the switch and connection cable
- Easy-to-operate slide switch increases productivity and allows for continuous use
- 12 bit angle settings allow the bit to be set at different positions for operating convenience
- Variable speed control dial enables user to match the speed to the application for greater versatility
